

An architectural rendering of a modern building facade. The building features a prominent section with vertical, dark, slatted panels that reflect the surrounding environment. Below this section is a garage area where two cars are parked: a silver classic car and a green sports car. The building is set against a clear sky, and other buildings are visible in the background.

N°001
MINAMI AOYAMA
DESIGNED BY ASTON MARTIN

“This design partnership between VIBROA and Aston Martin is a unification of two ultra-luxury lifestyle organisations with a shared passion of combining cutting-edge design and technology with traditional handcraftsmanship.”

Marek Reichman

- Aston Martin Executive Vice President and Chief Creative Officer

Aston Martin is applying its design mastery to the world of Japanese real estate, with N° 001 Minami Aoyama, the very first luxury home in Asia to be designed by Aston Martin.

The collaboration between the ultra-luxury British performance brand and Japanese concierge leader VIBROA commences with the design and construction of this stunning private home in the highly desirable Omotesando area of Minami Aoyama, renowned as one of Tokyo's foremost architectural and style centres.

N°001 Minami Aoyama is an exquisite address at the crossroads of tradition and innovation.

Aston Martin's design principles are reflected throughout the property, which features an automotive gallery, wine cellar, home cinema, gym, and private spa.

Working with a local architect, the exterior design of the home is led by Aston Martin's acclaimed designers, who are also responsible for the interior styling of the property and carefully selected furniture.

The four-storey home, complete with roof terrace and stunning views of Tokyo, is already sold to a private buyer and is scheduled for completion in November 2023.

"VIBROA is committed to providing our clients with a priceless experience and added value in the world of luxury real estate through access to the world's finest products and services. We are therefore delighted to be working with such an iconic ultra-luxury brand as Aston Martin, whose renowned design philosophy and expertise brings a unique dimension not just to this home, but the wider world of real estate in Japan."

Toshiyuki Yoshida
- Director of VIBROA

"As Aston Martin grows in Japan, we are passionate about finding innovative ways to bring our ultra-luxury brand to life and resonate with local consumers. We are delighted to be working with VIBROA, helping create what we believe is a perfect home for an Aston Martin owner, with design elements inspired by our breath-taking portfolio of ultra-luxury and high-performance cars."

Greg Adams

- Regional President of Aston Martin, Japan and South Korea

Aston Martin's vision is to be the world's most desirable, ultra-luxury British brand, creating the most exquisitely addictive performance cars.

Founded in 1913 by Lionel Martin and Robert Bamford, Aston Martin is acknowledged as an iconic global brand synonymous with style, luxury, performance, and exclusivity. Aston Martin fuses the latest technology, time honoured craftsmanship and beautiful styling to produce a range of critically acclaimed luxury models including the Vantage, DB11, DBS, DBX and its first hypercar, the Aston Martin Valkyrie.

Based in Gaydon, England, Aston Martin Lagonda designs, creates and exports cars which are sold in 56 countries around the world. Its sports cars are manufactured in Gaydon with its luxury DBX SUV range proudly manufactured in St Athan, Wales.

Lagonda was founded in 1899 and Aston Martin in 1913. The two brands came together in 1947 when both were purchased by the late Sir David Brown, and the company is now listed on the London Stock Exchange as Aston Martin Lagonda Global Holdings plc.
